

Idea: I'm going to go through all the old rock and roll albums from the '70s and '80s, decades like the 60s as well... one's containing songs that have what you might refer to as unfinished verses. Where they use la la or da da da to finish the song.

Write in additional verses, conclude with lalala and.. leaving an opening for the next generation of songwriters. Thompson June 12th, 2025. Witnessed by overseers of game monitoring me in mountain view California.
